See www.pokerstars.com/poker/tournaments/micro-millions for the full schedule.

Team PokerStars Pro Lex Veldhuis said: “MicroMillions is one of the best things I’ve seen so far. Back when I played penny and micro-stakes games, I was mesmerised by the big tournament series’ and always hoped to be able to play one day. MicroMillions actually offers players from those stakes the chance to be part of a great tournament series. I think it’s a very logical step with all the different online tournament festivals that PokerStars offers. I’m definitely going to play a lot of the events, just because I think it’s so awesome.”

Micro choices

While the majority of MicroMillions events are No Limit Hold’em, there are also plenty of other games, including Pot Limit Omaha, Omaha Hi/Lo, Draw, Stud, 8-Game, and formats including Turbo, Rebuy, Shootout, Knockout, Big Ante and 6-Max.

The MicroMillions series extends PokerStars’ online festival offerings, which already includes the richest and most prestigious series in online poker – the [World Championship of Online Poker \(WCOOP\)](#) – along with the [Spring Championship of Online Poker \(SCOOP\)](#), and the [Turbo Championship of Online Poker \(TCOOP\)](#).
